Spring is on its way!

As we enter into the month of March, days are getting longer and the sun seems to be shining just a little bit more. Spring is on the way!

As we are excited about the warmer weather, we know too that as spring approaches, kitten season begins.

Every spring there is a huge influx of kittens that are born. Some are found with their mothers, while others are found at just a few days old, alone and scared.

When newborn kittens are found without their mother, they go to a foster home where they need care 24/7. They must be fed on a regular basis. They also need help with things their mother would normally help with, including using the bathroom.

Fosters who take on this responsibility must give up the freedoms of going on vacation or being gone from their house for more than a couple of hours at a time. There is also money involved with bottle feeding and medical care for newborn kittens.

Please consider making a donation to help these little ones, who without volunteers and donations, wouldn't be able to survive.

Volunteer Spotlight

Paula Gold, a retired paralegal, who is with us for the winter, resides in New Jersey and started volunteering with Sav-R-Cats in December.

She loves volunteering and helps with various center chores including cleaning walk-in and portable cages, cleaning the isolation room, scooping litter boxes, brushing the cats, cleaning windows, helping with laundry and much more!

While Paula doesn't currently have any cats of her own (because she spends a lot of time travelling) she has had many furry friends in the past: Friskie, Snicker, Snow, Sheba and Tasha. One of these was acquired in a unique way, she said.

"My daughter found a kitten on the way home from school one day. She opened her backpack and said, 'can we keep him mom?'"

Her favorite thing about cats? It's their personalities, she said.

When she isn't at the center or busy travelling, Paula enjoys cooking, reading, going to the movies and walking on the beach.

Thank you Paula, for being a wonderful volunteer!
